1. Review and consider approving financial reports for February 2023

Bookkeeper Saldate reported to the Board of Directors that the Water Sales are at 83 percent of the projected monthly budget, which is normal for this time. Water System-Repair and Maintenance had an increase due to the Marine Industrial Tanks tank diving team for the removal of food grade oil in the Moss Landing tanks, the Moss Landing pump and motor are oil lubed, a quantity of this oil went out into the system with a high flow occurrence, we are expecting an estimate for new and rehab motor and pump. Total Income for February was more than the Total Expenses by \$14,980. February's Cash surpassed January's Cash by \$70,250. Total February cash on hand was \$952,070. Net income for February is \$14,980 due to low water sales.

The collections for February were normal, reducing the delinquency amount by \$5,307. The total 90 days balance has increased by \$72. The district received one payment from LIHWAP for a Vega customer who has since kept their balance current.

2. Review and consider approving financial reports for March 2023

Bookkeeper Saldate informed the Board of Directors that the Water Sales were down to 78 percent of the projected monthly budget due to the flood/evacuation impacts. The Soil & Water Tests budget was high due to quarterly sampling in all systems and mandatory sampling for water quality due to flood in Pajaro and Sunny Mesa Water Systems. We also saw an increase in the Water System Repair & Maintenance budget due to El Gabilan used for tree trimming at Normco and Vierra Tank sites, J Johnson Co. was used for flood related repairs to Sunny Mesa Well Site and Sala Brothers who transport water to the Sunny Mesa tanks. We saw a decrease in the Late Payment Penalties budget due to no late fees assessed District wide in the March billing. March Total Expenses surpassed the Total Income by \$59,111. March's Cash was less than February's Cash by \$21,331. Total March cash on hand was \$930,738. Net income for March was negative \$59,111 due to loss in water sales and flood related expenses.

The Pajaro flood events adversely impacted March collections, the total 90 days balance has increased by \$805. Staff has continued to refer customers to LIHWAP, a flyer provided by LIHWAP is available at our front desk and it will be mailed out in our next billing. Full payment will be received for the Springfield customer carrying most of the 90 days aging balance!

Notes:

LIHWAP paid the full balance of nearly \$12,000 for Springfield customer who has been delinquent since 2005. There are increases in the 30 and 60 day delinquency balances due to the delayed March billing, which resulted in Pajaro customers receiving March and April bills only a week apart. Collections have continued to be impacted by the Pajaro Flood. Many customers pending LIHWAP approval.

- 30 day balance increased by \$20,204
- 60 day balance increased by \$8,892

PAJARO/SUNNY MESA COMMUNITY SERVICES DISTRICT INTER-FUND LOAN POLICY

~000~

GOAL

The goal of this written policy is to establish requirements and responsibilities for borrowing between enterprise and operating funds of the Pajaro/Sunny Mesa Community Services District, for example, between the Water fund and the Street Lighting fund. This is so all inter-fund loans are adequately deliberated and considered, fiscally responsible, properly documented, and not to the detriment of the fund issuing the loan.

POLICY

Inter-fund loans are loans from one District fund to another District fund, enterprise or operating, for a designated purpose. Inter-fund loans may be made for the following reasons:

- 1. To offset timing differences in cash flow;
- 2. To provide interim financing in conjunction with obtaining long-term financing;
- 3. For short-term borrowing in place of external financing;
- 4. To provide operating capital for enterprise funds while the customer base increases;
- 5. For such other needs as deemed reasonable and appropriate by the Board of Directors by resolution.

Inter-fund loans shall not be used to solve ongoing structural budget problems. Inter-fund loans should be limited to addressing short-term issues within one fund (e.g., a major emergency repair).

Inter-fund loan recommendations and the inter-fund loan agreement set forth herein shall include the loan amount, an identified repayment source, the repayment terms and conditions and the due date and timing of repayment. Repayment of all interfund loans shall be completed within a maximum of five (5) years of the loan being made.

The term of the inter-fund loan may be more than one year, and may extend from one fiscal year to another but shall be "temporary" in the sense that no permanent diversion of the *lending* fund results from the failure to repay by the borrowing fund. Additionally, inter-fund loans should not hinder the accomplishment of any function or project for which the *lending* fund was established.

Inter-fund loans shall include interest at a rate to be determined at the discretion of the Board, and ordinarily be at an interest rate equal to or more than investment Page 1 of 3

earnings the fund would have received had the loan not occurred and be adopted by Board resolution after consideration of any recommendation of the General Manager.

The Board of Directors shall approve all inter-fund loans by resolution. The interfund loan agreement shall be included as an exhibit to the resolution.

Payments made on outstanding inter-fund loans shall be reflected in the proposed and adopted operating budget and in the annual financial statements for any period for which the inter-fund loan is outstanding. The annual financial statements shall also include the loan amount, term, due date, rate of interest, and amount of interest due on the total amount of the loan.

If the borrowing fund continues to maintain a negative cash balance for periods beyond the term of the loan, scheduled payments should be postponed until the fund has a positive cash balance. Postponement of any loan payment shall however not be for more than one year and shall be approved by Board resolution. Interest shall continue to accrue and be added to the principal of the loan.

Modifications to existing loans may be made only by Board resolution.

Inter-fund loan funds may only be used for the purpose identified in the authorizing Board resolution. Records of inter-fund loan transactions shall be maintained in accordance with generally accepted accounting principles and will reflect the balances of loans in every fund affected by such transactions.

Any inter-fund loan shall be documented by an agreement in substantially the same form as set forth below in the Sample Loan Inter-Fund Loan Agreement.

~000~
